

X12N/TGC/WG2 – RFI Work Group

Purpose

The X12N Technical Task Group (TGC) RFI Work Group 2 (WG2) reports to the Technical Task Group.

The group is responsible for:

- Responding to Requests for Interpretation (RFI) assigned to X12N by the X12 Portal Screener.
- Coordinating with other X12N Groups as necessary to respond to RFIs assigned to X12N.
- Coordinating with other X12 subcommittees when X12N has interest in an RFI assigned to another sub-committee or when another subcommittee expresses interest in an RFI assigned to X12N.

Scope

The Work Group shall adhere to the applicable X12 Organization and Procedures Manual, Standing Documents, and X12N procedures. The highest-level documents of X12 and X12N shall govern in the event of conflict.

The Work Group's principal responsibilities are to:

- Create and maintain an inventory of all open RFIs of interest to X12N. This includes information pertaining to, but not limited to:
 - X12 EDI syntax transactions used within the insurance industry.
 - EDI syntax base standards documents.
 - CICA syntax messages used within the insurance industry.
 - CICA syntax base standards documents.
 - Technical reports related to the above that impact the insurance industry.
- Create responses to RFIs that are assigned to X12N based upon the related existing standard and/or technical report.
 - Soliciting business input from related X12N groups when the related existing standard and/or technical report is silent on the related business issue.
- Coordinate, through existing liaisons when applicable, with other X12 subcommittees on RFIs where interest is shared.
