

X12-02 CMG01

Transitional Code Maintenance Group Statement of Work

CMG01, the Transitional Code Maintenance Group, operates as permanent action group within the External Code List Oversight (ECO) Subcommittee of the Registered Standards Committee (RSC). CMG01 is responsible for maintaining X12 external code lists when maintenance responsibilities have not been assigned to a designated Code Maintenance Group (CMG). The detailed responsibilities of a CMG are defined in ***External Code Lists (CAP12)***.
