

X12-02 CMG02

Statement of Work

CMG02, the Insurance Business Application Error Code Maintenance Group (IBAE), operates as an action group within the External Code List Oversight (ECO) Subcommittee of the Registered Standards Committee (RSC).

CMG02 is assigned responsibility for maintaining error code sets related to insurance industry business applications. The detailed responsibilities of a CMG are defined in ***External Code Lists (CAP12)***.

These external code lists are assigned to CMG02.

Code List ID	Code List Name	Code List Description	Used in these EDI Standard Transactions
895	Insurance Business Process Application Error Codes	These codes report application errors for insurance business processes.	824
